UPDATE - Evidence and Proof

My original images showing hazardous living conditions were removed by GoFundMe for Terms and Conditions compliance.

UPDATE - Expanding My Support Network

I am focused on building a support network by reaching out to advocacy groups, alliances, and community organizations with a summary report of my situation.

All related threads have been uploaded to the archives for transparency and record-keeping:

UPDATE — Coordinated Re-Reporting to Authorities

I've sent a coordinated email to the appropriate authorities in Eugene to re-submit the situation, placing the issue back in front of the departments responsible for addressing it.

All related threads and documentation have been added to the archives for transparency and record-keeping:
